Principal

LAURA BERTI
School Counselor

It is a pleasure to write this letter of recommendation for Mark Krokos. Mark completed his student teaching in first grade with Mrs. Sharon Sullivan and in fourth grade with Mrs. Snyder. I had the opportunity to observe Mark while teaching in Mrs. Sullivan's first grade classroom. He taught an interdisciplinary unit on turtles which encompassed science, reading, music, and art. I was very impressed with his rapport with students as they were observed extremely attentive during the lesson. Mark utilizes a variety of instructional techniques in the classroom which keeps students energized and engaged in the lesson.

In addition to his utilization of numerous teaching techniques, Mark keeps parents informed frequently regarding student progress. He is truly interested in all his students and he surveys them and includes their learning styles and interests in the classroom. He utilizes the "good choice" system of discipline in his classroom. His students truly respect him. Mark differentiates instruction to meet the needs of all learners in his classroom. It is without reservation that I recommend Mark Krokos as a teacher in your school system. If you have any questions regarding Mark Krokos, I can be reached at 570-474-5942.

Sincerely,

Ronald J. Grevera
Principal
